Summary of the Study Plastic Caps & Closures - World

Chapter 1 provides a description and analysis of the global market as well as the regional markets for plastic caps and closures – including forecasts up to 2025. Figures on production and demand in billion units are given for each world region. Additionally, the study also contains a distribution of global demand of plastic caps and closures into the plastic types polypropylene (PP), polyethylene (HDPE and LDPE), polyethylene terephthalate (PET), polystyrene (PS), as well as the aggregate of “other plastics”.

Chapter 2 provides figures on production, import, and export of, as well as demand for plastic caps and closures in billion units for 19 countries. Additionally, demand for plastic caps and closures for each country is split by area of application as well as types of closures.

Chapter 3 offers a detailed analysis of various application areas of plastic caps and closures: data in billion units on development of demand in the segments lemonsades, water, juices, alcoholic beverages, other beverages, food, cosmetics & pharma as well as the aggregate of “other applications”, such as household chemicals or industry & transport.

Chapter 4 analyzes the market for plastic caps and closures split by the types of closures “screw caps”, “flip-top and disc-top closures”, “dispensers and sprays” as well as “lids and overcaps”. The divided demand is arranged clearly for each of the 19 countries and for all world regions (in billion units).

Chapter 5 provides company profiles of the largest manufacturers of plastic caps and closures – clearly arranged according to contact details, revenues, profit, product range, production sites, and profile summary. In-depth profiles of 72 producers are given, including ALPLA, Amcor, Berry, Reynolds, RPC, San Miguel, Silgan, Sonoco, Tetra Laval, and Toyo Seikan.
